Community partners coming together to provide health fair in Waipio Valley, provided health screenings, health insurance enrollment assistance, lomilomi massage and introduction of accessible wi-fi to do telehealth and behavioral health appointments through use of StarLink

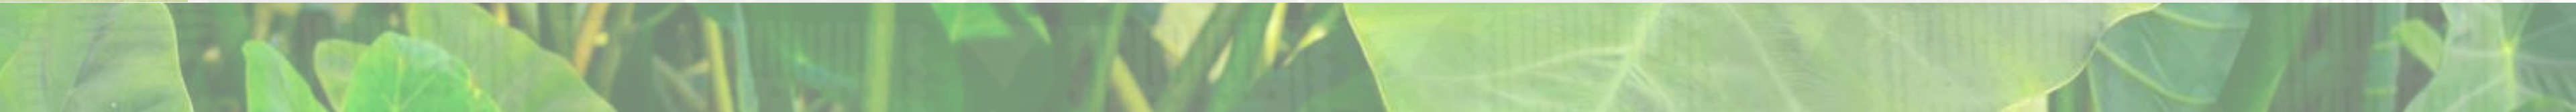

From Shani\_Kai Carvalho

The City and County of Honolulu partners with community to plant trees in parks to improve our outdoor recreation spaces and cultivate a shared kuleana over our community forest. Shaded ‘āina provides a more welcome environment for our community to exercise, improving mental and physical health!

From Navin Tagore

Hawai'i Island Community Health Center supports Native Hawaiian cultural practices and offers all staff who are interested to participate in regular hula practices to share a performance at the staff holiday gathering. Enhancing nutrition programs for patients and participants is the focus for 2025 and includes a Diabetes Education program 'Healthy Grinds' Sept 2025, Diabetes Prevention program 'BALANCE - Building a Lifestyle around Nutrition Choices and Exercise' Nov 2025, a Family Healthy Weight Program June 2026, and the OG Food is Medicine program WIC since 1999.
